3.2 Santander Universities disclaims all liability for breaches of employment laws and regulations by partner universities and SMEs. Each participating partner university and SME agree to operate the placement scheme in accordance with all employment laws and regulations and to indemnify Santander Universities in relation to all loss or damage it may suffer as a result of their failures to comply with such laws or regulations.

4. Funding and payment

4.1 Each student under the Programme shall be paid a minimum of £1,000 based on a full time placement for 4 weeks:

(a) Santander Universities will contribute £1,000 (one thousand pounds) by paying directly to the partner university once the full name and details of the allocated student have been given to the relevant representative from Santander Universities. The universities shall ensure that this amount is forwarded to the student.

4.2 Santander Universities will not be responsible for any late payment to the student by the university or the SME. It is the responsibility of the SME and university to agree an appropriate payment method for the student's salary in advance of the placement commencing.

5. Evaluation Forms

5.1 Each student and SME will be asked to complete an evaluation form after completion of a placement. This form will be provided to them by the programme manager at the partner university. The partner university shall return this evaluation form to a member of the Santander Universities' Team within one month of the placement finishing.

5.2 Santander Universities will use the comments and data in these evaluation forms for internal research purposes. Where agreed, they will also use this information for external marketing of Santander products and services.

5.3 Programme participants may opt out of marketing material when completing the evaluation form.

5.4 Santander Universities will use comments and testimonials made by the intern and SMEs to advertise the Programme via its website, its branches and at Santander Universities' events.

Santander Universities will only use them for marketing purposes if permission has been given in the portal.

5.5 Programme participants may be contacted and asked to participate in events relating to the Santander Universities Work Placement Programme. Only candidates who have given permission in the portal will be contacted.
